Learning & development

AFBI actively engage with employees to encourage and support professional goals.

We continuously develop our employees with a range of professional and personal development opportunities. Our corporate Learning and Development programme is open to all staff and consists of a number of formal and informal initiatives.

In addition to corporate Learning and Development opportunities, AFBI will encourage you to be proactive and self-direct your own development. Through regular conversations with your line manager you will have the opportunity to discuss and agree future learning needs to help you excel in your new role.

Staff can apply annually to AFBI's Assistance to Study Scheme. The scheme allows staff to complete a recognised educational, academic, vocational, or professional qualification in a subject related to the area of their work. The scheme provides successful applicants with reimbursement of 75% of course fees up to a maximum of £1000, along with a further package of assistance including special leave for exams, assignments, and graduation.

Family-friendly policies

Employer supported volunteering

AFBI grant special leave with pay up to a maximum of three days on the condition that staff contribute an equivalent amount of their own leave (annual or flexi) to the same voluntary sector organisation for the purposes of volunteering. This is providing there is no adverse impact on official business and no conflict of interest.

Travel initiatives / car parking

AFBI offer all staff the opportunity to partake in the Cycle to Work Pay and Reward Scheme. Under the Cycle to Work Scheme employees may 'sacrifice' part of their pay in exchange for the use of a bicycle and any associated safety equipment, with the potential to save money on Tax and National Insurance Contributions. AFBI has seven sites throughout Northern Ireland that all offer free convenient car parking.

Pension

We offer an unrivalled pension scheme that will help you beyond your employment with us. All permanent AFBI staff are enrolled into the Northern Ireland Civil Service Scheme from their first day of employment. There is no qualifying or waiting period. Staff contribute between 3 and 8% of salary and AFBI contribute a further 21 to 26% of salary, depending on your rate of pay. Pension contributions are collected before tax, so you also get tax relief at your marginal tax rate on the contributions you pay.
