Subject: RE: NED appointments

Hi Colin

All good with me as I hope it is with you.

This is a matter that has been with our Minister for some time and I had hoped it would have been finalised before now. At my request our new Permanent Secretary, Anthony Harbinson, has raised this directly with the Minister and I was hopeful that Minister would have finalised his selections last week. I raised this again this morning and I understand the Ministers Private Secretary has been asked, once again, to pursue with Minister. I fully understand your wish to see this matter brought to a conclusion as indeed am I.

I know you are due to meet Anthony next week and I have included AFBI Board Appointments in his briefing. He will not be surprised if you raise it with him.

Hopefully the most recent prompt will result in an outcome - fingers crossed.

Regards,

Brian Doherty, Deputy Secretary

Subject: NED appointments

Hi Brian

I hope you are well and have had a good summer

Could you please give me an update on the appointment of the new NED's to the AFBI Board.

As you are aware we are well behind the schedule we had agreed on and I am keen that the new

NED's will be given enough time for an effective transfer of knowledge before the existing

NED's step down at the end December.

Many thanks - Talk soon

Colin
