

Celtic Seas Cod Tagging Project

As part of a 3-year international research project, fisheries scientists have tagged and released cod with distinctive coloured tags.

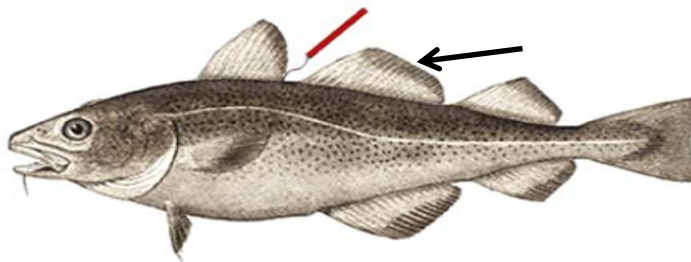

Reporting catches of tagged fish will contribute to sustainable fisheries in the Irish Sea.

Any tagged cod returned are **NOT** subject to quota regulation

Further details on the project can be found on the AFBI website: www.afbini.gov.uk/articles/cod-tagging-project-irish-sea

or by contacting us directly at fishtagging@afbini.gov.uk
